News in Brief

$25,000 Reward Offered in Theft of Teacher Awards

Councilmember Bob Blumenfield, above, joined by LAPD Topanga Division's Captain Rudy Lopez and Walk of Hearts founder Joe Andrews, announced a $25,000 reward for information leading to the identification, apprehension and conviction of the person responsible for the removal of the Walk of Hearts plaques. An annual tradition honoring local teachers with a plaque on Victory Blvd, these special metal awards line the sidewalks between Warner Center and Canoga Park, similar to the Hollywood Walk of Fame. On several nights this June an unknown individual chiseled and removed 11 of the unique Walk of Hearts plaques. "We are seeing a rise of public infrastructure thefts and, while it is all unacceptable, it is even more abhorrent that these stolen sidewalk plaques honor life changing teachers who devoted their lives to making our community better," said Blumenfield. "If someone sees a person who appears to be defacing or stealing, please call the LAPD non-emergency line at 877-ASK-LAPD (877-275-5273)."

Volunteers Cleaning Communities is coordinating an all-street clean up event of Reseda Boulevard on Saturday, June 29. The all-volunteer crew will clean the street from the 118 Freeway to Ventura Blvd. in just two hours. Volunteer as an individual or form a team. "You'll have fun and meet your neighbors - and make a difference," said Jill Mather, founder of VCC. Tools will be provided and portions of the street will be assigned upon registration. Register to volunteer at volunteerscleaningcommunities.com.

Valley Pride March and Block Party June 29

The second annual San Fernando Valley Pride March and Block Party will take place Saturday, June 29, in Van Nuys. A rally will kick off the event at 11 am at Van Nuys Blvd. and Gault Street, followed by a march down Van Nuys Blvd. to the Van Nuys Civic Center at noon. From 1 to 5 pm a block party will be held at the Civic Center, 14410 Sylvan Street.

Fireworks Light Up the West Valley July 4

Valley Cultural Foundation will produce the 22nd Annual Councilmember Bob Blumenfield's July 4th Extravaganza presented by L.A. County Supervisor Lindsay Horvath. Each year, tens of thousands of community members across the city of Los Angeles attend this event to celebrate our country's independence.

Event parking opens at 3 p.m. There will be 14 food trucks, 30 different vendors, and plenty of fun things for the whole family to do as we celebrate the birth of our country.

Prepare yourself for an electrifying live concert featuring the incredible music of Angela O'Neill and The Outrageous8 at 7 pm! The evening kicks off at 6:15 pm with the dynamic sounds of The Paul Litteral Band. Immerse yourself in the magic of live music, dance the night away, and top it all off with a dazzling fireworks display.

Fireworks will go off at 9 pm and will last for 20 minutes.

In continuing efforts to keep you and your family safe, and at the request of the Los Angeles Police Department, Valley Cultural Foundation, along with the Department of Recreation and Parks, the Los Angeles Fire Department, and Councilmember Bob Blumenfield - will continue with the additional safety and security measures implemented last year.

Once again, they will be securing the park area itself; there will be five designated points of entry. The following three street sections will be closed to the public beginning 4 am on Thursday, July 4:- Califa St. between Topanga Canyon Blvd. and Owensmouth Ave.- Marylee St. between Topanga Canyon Blvd. and Owensmouth Ave. - Owensmouth Ave. from Marylee St. to Califa St.

There will be a public access walkway between parking structures leading from the Marriott Hotel. This walkway will close at approximately 7:45 pm on the 4th and not reopen until approximately 10:30 pm.

Other defined gate entrances will be located at these four locations:- Topanga Canyon Blvd. and Califa S - Topanga Canyon Blvd. and Marylee S. - Marylee St. and Owensmouth Ave. - Owensmouth Ave. and Califa St.

Once the fireworks show is complete at approximately 9:25 pm, these and other gates will be made available for exiting the park. Officers from LAPD and VCF's hired security teams will be always stationed at each of these gates.

Please do not bring any of the following items into or near park grounds: smoking and/or vaping devices, barbeques including gas, charcoal or butane, alcoholic beverages of any type, illegal drugs, fireworks, including sparklers, dangerous weapons including guns and stun guns, sharp objects, including sharp objects, including kitchen knives, spikes or ground stakes, mace and/or chemical irritants, glass bottles, combustible liquids and laser-pointing devices

Additionally, backpacks, purses, coolers or any other types of concealed storage, including your pockets or other items of clothing, are subject to search by the Los Angeles Police Department and/or Valley Cultural Foundation's hired security officers. This may include a search of your person.

English Channel

From the late Rodger Sterling... English Channel offers the best of editor Rodger Sterling's columns that ran continuously in the local papers since 1968.

• Don Sanelli wonders when something is advertised as "new and improved" which is it? If it's new, then there has never been anything to improve since there was nothing before it so it couldn't be new. Don worries about stuff like that. Poor beast!

• Didja' hear about the guy who went into the pet store to buy a parrot for Christmas? Asked how much the parrot cost, the salesjerk said it was $200. The guy said fine, send him the bill. The salesjerk apologized and said you have to buy the whole parrot. Duh!

• Why is it when a man retires and time is no longer a matter of urgent importance, his colleagues generally present him with a clock?

• We love this discussion of God at my granddaughter's school. Seems one little boy gave his unique perspective on the resurrection - God died for us, went to Heaven and got new clothes! ?? - Makes sense from a four-year-old standpoint. On the cross he's wearing a loin cloth; the picture in Heaven show a new robe and sandals.

• Mike Contino of the old Uncle Mike's loved to tell this joke. It's about the postman who refused to deliver mail to one house because the homeowner's dog always bit him. So the resident had the dog neutered and the resident said the postman could start delivering the mail again. "Heck," said the postman, "That's nice but I don't want to make love to the dog, why didn't you have his teeth pulled?"

Guest Editorial:

From Councilman Bob Blumenfield

Once again, it's wonderful to be partnering with the Valley Cultural Foundation (VCF) for the annual Blumenfield July 4th Fireworks Extravaganza. This year it is one of the only free fireworks displays in the entire region and it's always amazing to welcome tens of thousands of people to the West Valley.

It's my pleasure to invite everyone to come join VCF and Team Blumenfield from 6 to 9:30 pm at Warner Center Park for live music, food from over 15 local restaurants, goods and services from local vendors. Experience one of the best free fireworks shows around.

I also want to encourage everyone to be safe this time of year. Outside of sanctioned shows like ours that are put on by professionals, fireworks are illegal and extremely dangerous. It's sadly common to read stories about people getting disfigured or how palm trees engulf in flames and cause major property damage- please be safe.

This year it is one of the only free fireworks displays in the entire region and it's always amazing to welcome tens of thousands of people to the West Valley.

Also, every year our city's animal shelters are beyond capacity because dogs and other pets get so scared by surrounding fireworks they run away from home. So please make sure your pets are safe and secure at home, walk them during the day before the evening event, check out calming tools like thunder jackets, and always ensure your furry friend has their tags and is microchipped.

This is one of my favorite annual community events and I'm so grateful to our friends at the Valley Cultural Foundation and our co-sponsors who help make it possible. I'm looking forward to seeing many of you next week!

Local Vintner Wins Awards

Woodland Hills resident Greg Barnett, along with his wife Janet and partner Jeff Bailey, recently won four gold and two silver medals for their NABU wines in their first competition "against the world" at the Los Angeles International Wine Competition 2024.

Established in 2012, NABU offers wines from Napa Valley to the Malibu Coast - including Blanc de Blanc, Chenin Blanc, Sauvignon Blanc, Sparkling, Viognier, Syrah, Pinot, Cabernet and Port.

"NABU has been excited to be the only winery to produce wines from within the mountains and oceanside vineyards located in the lowlands of Zuma to Topanga Canyon," said Barnett.

All their wines are available by the bottle and the glass at their tasting room, located at 2649 Townsgate Road in Westlake Village. The tasting room offers wine tasting seven days a week, Sunday through Monday noon to 6 pm, Friday and Saturday noon to 11 pm. Both Greg and Janet were in the music business in the 1980's, so there is live music Friday and Saturday from 8 pm to 11 pm and Sunday at 3 pm.

Inside Out 2 Introduces New Emotions, Same Clever Delivery

By Katie Sterling

It's been said before, but bears repeating, that children's movies in this day and age seem to be more suited for adults as much as their target audience. This certainly doesn't ring truer than in Pixar's latest release, and much anticipated sequel, *Inside Out 2*.

The personified emotions audiences were introduced to in the first film make their return, but must grapple with the fact that their human Riley is rapidly growing up. And as anyone knows, growing up is quite a roller coaster of emotions, those we're familiar with and those that only come with getting older.

In *Inside Out 2*, Riley and her feelings are in for perhaps the biggest roller coaster ride of them all…puberty.

When audiences last left Riley, her emotions had learned to live fairly copacetically after navigating a family move that left her emotionally distraught. Joy (Amy Poehler), Sadness (Phyllis Smith), Anger (Lewis Black), Disgust (Liza Lapira) and Fear (Tony Hale) may ruffle each other's feathers, but have honed an environment where they've learned to balance each other. Riley is now on the cusp of entering high school, heading to hockey camp with her two best friends that have recently told her they will be attending a different school than her come fall. With a slew of new hormones, and this devastating announcement, an unexpected team of emotions crop up.

After all, what's a teenager without Anxiety (Maya Hawke), Envy (Ayo Edebiri), Ennui (Adèle Exarchopoulos), and Embarrassment (Paul Walter Hauser)?!

This new fearsome foursome quickly takes over Riley's control center, pushing her old emotions aside. Are they relevant anymore? Is Riley's sense of self fundamentally changed now? After all, Anxiety knows high school will be a never-ending battle so why not start mentally preparing now? It's a struggle between the old and new, with each group putting different emphasis on what parts of Riley's sense of self are most critical. It quickly becomes clear however, that the new emotions may have a stronger hold on Riley than the old emotions would like. It's only through a journey through the inner world of Riley's mind that the original emotions can hope to find her old sense of self.

What makes *Inside Out 2* so captivating, and successful, is the incredibly smart approach to personifying an individual's internal feelings that manages to both entertain kids and humor adults. Exceptionally colorful CGI brings Riley's mind to life in a way that allows kids to enjoy the quirky characters who are embarking on adventure. It's the writing that really solidifies this movie as an entertaining piece for adults as well, who will certainly grasp so much more of the nuanced pieces that fly over kids' heads. It may look like a kids' movie on paper, but it is so clear how intentional every building block of her mind has been crafted and adults watching will no doubt appreciate that.

And while the new arrivals are certainly entertaining, no one steals the show quite like Anxiety. Let me tell you that every adult in the theatre laughed, and cried, at Anxiety's antics. Perhaps no emotion is better personified in this movie than the whirling dervish who thinks they know best, trying to act out of self-preservation, but is ultimately a detriment to themselves. Oof, it hits hard.

Inside Out 2 pulls a lot from the original film, while introducing clever new elements to keep the inner workings of Riley's mind fresh for audiences to delight in. Riley's Stream of Consciousness is a flow of water that traverses through her mind, the Sar-chasm is a deep fissure that distorts someone's voice talking across it and the Vault is a protected recess of Riley's mind where her darkest secrets are held. It's these clever tidbits that bring the inner workings of one's mind to life in a manner that I truly think no one can do better. The emotions certainly steal the show, but they are nothing without the workings of the mind that surround them. I can't emphasis enough how smart *Inside Out 2* is in its delivery and frankly, it's no surprise that the majority of theatregoers in my showing were adults. We've been there, we've felt that. We can laugh at the emotions, sympathize with them and well, teenager or not, we're all still trying to navigate through the slew of them.

Summer Could See a Minor Uptick in COVID

According to the data from the Centers for Disease Control and Prevention (CDC), the States may see an increase in COVID-19 infections this summer.

California COVID test positivity was 12.8% higher than regions on the East Coast. While this data shows an increase, it is not something the CDC says should necessarily alarm anyone.

On average, the States have seen an increase of COVID every summer, especially after the Fourth of July. Because cases have been at an extreme low, this increase is more like a subtle drift upwards, not necessarily a surge that should cause concern. This is also due to the public's increased knowledge of how to now manage the virus and having immunity against it.

"Our bodies have learned how to manage the virus over the last four years, meaning that many people have had successive waves of infection, many people have had initial vaccinations," Dr. Peter Chin-Hong, a professor of medicine and infectious disease specialist at the University of California, San Francisco, said. "So that combined immunity gives a big force field that can help protect us during the summer. … Although most people will be fine, there are still some people that are going to get very sick."

Hospitalizations and deaths that are still occurring due to COVID are in large part among high-risk individuals such as the elderly and those with compromised immune systems.

Individuals should still take precautions around infected persons by wearing masks, avoiding close contact and thinking of getting the newest COVID vaccine, which will most likely come out in September.

"Very much in the same way that flu vaccines are tailored each year to adapt to the strains that we see, the same is occurring with COVID," Dr. Cameron Wolfe, a professor of medicine in the infectious diseases division at Duke University said. "And I think for someone who might be themselves or someone in their family or close contact known to be high risk I'm going to be still actively encouraging those people to get vaccinated."

L.A. County Reporting Increase in Monkeypox

The LA County Department of Public Health recently reported an increase in Monkeypox, now called Mpox. There has been a "concerning increase" of 10 new cases in the last two weeks.

Mpox is spread through close contact and bodily fluids and symptoms include: rash or blister-like sores on the face and genitals, fever, chills, muscle aches, headaches and/or swelling of lymph nodes.

Due to this increase in recent cases, LA Public Health urges anyone with symptoms to get medical attention and get tested immediately.

Early detection, testing and vaccination are vital to controlling the spread of the disease and protecting Los Angeles County residents, according to health officials.

Given the recent increase in cases, Public Health strongly recommended that anyone who develops symptoms consistent with mpox seek medical attention and get tested. For the most up-to-date information and resources, visit ph.lacounty.gov/mpox or contact the Public Health Call Center at 1-833-540-0473.

The vaccine is available to anyone, but highly encouraged for any man or transgender person who has sex with men or transgender people or those living with HIV.

Enhanced surveillance, contact tracing and outbreak investigations are underway in the Department of Public Health to identify potential sources of the infection and prevent further transmission.

Dignity Health – Northridge Hospital Medical Center Receives "LGBTQ+ Equality Leader" Recognition 2024

Dignity Health - Northridge Hospital Medical Center (NHMC) has been recognized as an LGBTQ+ Healthcare Equality Leader in the Human Rights Campaign Foundation's 2024 Healthcare Equality Index (HEI). NHMC has previously been recognized with this designation.

"As a mission-driven organization founded to provide care for all, providing welcoming and knowledgeable care for LGBTQ+ patients are important priorities," said Paul Watkins, NHMC President & CEO. "This recognition from HEI is a testament to the dedication of our compassionate care teams, who are committed to helping make sure that our LGBTQ+ patients feel welcome, heard, and safe at our hospital every day."

The HEI is the nation's foremost benchmarking survey of healthcare facilities on policies and practices dedicated to the equitable treatment and inclusion of their LGBTQ+ patients, visitors and employees. The HEI evaluates and scores on detailed criteria falling under five central pillars: non-discrimination and staff training; patient services and support; employee benefits and policies; patient and community engagement, and responsible citizenship.

In the 2024 report, a record 1,065 healthcare facilities actively participated in the HEI 2024 survey and scoring process. Of those participants, 384 received the top score of 100, earning the "LGBTQ+ Healthcare Equality Leader" designation. LGBTQ+ patients have historically faced significant and longstanding challenges to accessing the care they need, and NHMC is committed to providing welcoming, compassionate care for LGBTQ+ patients and their families.

As part of the HEI process, NHMC underwent a comprehensive review of LGBTQ+ care policies and practices within the organization. NHMC updated dozens of policies to support LGBTQ+ health care outcomes, expanded training for staff and clinicians, updated patient forms and IT patients and preferred pronouns and solicit feedback from LGBTQ+ patients, and clarified wording in employee benefits to be explicitly inclusive of LGBTQ+ employees – to name just a few examples.

For more information about NHMC's commitment to LGBTQ+ care, visit https://www.dignityhealth.org/lgbtqcare/ourcommitment.

The Water District's Lab at Tapia Reclamation Facility.

LVMWD Meets or Exceeds All Water Quality Standards in Latest Report

Each year, LVMWD collects over 1,200 samples from their distribution system and conducts more than 11,000 tests on those samples. The results, along with those from the Metropolitan Water District of Southern California (MWD) on the treated source water imported by LVMWD, are compiled into their annual Consumer Confidence Report/Water Quality Report (CCR/WQR.)

This report is distributed to customers and residents in the service area by July teach year, in accordance with federal and state regulations.

The CCR/WQR is an annual report detailing the quality and safety of the water they deliver to their customers and provides information on various contaminants and their regulatory levels. This transparency assures customers of their water's quality. These tests are conducted in the District's state-certified lab at the Tapia Water Reclamation Facility by highly trained and certified staff.

The report also includes testing data from MWD on the water from the Jensen Treatment Plant, further ensuring transparency and building trust in products and services within their communities.

This year the report once again showed that LVMWD water met or exceeded all federal and state drinking water regulations. These regulations, set by the Environmental Protection Agency and California Division of Drinking Water, ensure the water they serve is safe and clean. Our water is as clean, and often cleaner and safer, than bottled water, which can contain microplastics and plastic-related chemicals. Additionally, the CCR/WQR offers valuable information on LVMWD, lead and copper testing, and emerging contaminants such as PFAS/PFOA.

Their mission is to provide high-quality water service in a cost-effective and environmentally sensitive manner. To be more cost-effective, they transitioned to digital distribution of the report in 2019, reducing costs and improving accessibility. This year they continue to improve accessibility for visually impaired individuals who use adaptive screen readers with their online version of the report.

This transparency assures customers of their water's quality.

"We are always looking for ways to make District operations more effective, efficient, and accessible for all our customers while ensuring our customers have the important information on how the water we serve is monitored, tested and delivered in a way that ensures public health" stated LVMWD Board President Jay Lewitt.

For more information and to stay informed on water supply updates, conservation, and rebates, please visit www.lvmwd.com. Follow LVMWD on Facebook, Twitter @lvmwd, and Instagram LasVirgenes_MWD to join the conversation.

DWP Responds to Residents' Complaints About "Moldy" Water Taste

Valley residents took to social media this week to complain about their water tasting and smelling "moldy."

Facebook posts said people were checking their plumbing, calling their neighbors and calling DWP to find out why their water tasted musty.

Twitter user Michael Sakamano posted that for the last three days his tap water has had an "earthy, pond-water smell." Another Twitter user, Rena Durham, tagged LADWP, asking "What's going on with the water? It tastes like moldy dirt...what are you doing about it?"

DWP responded that they were aware of the issue and stated, "Our initial testing has confirmed that this is due to a natural, seasonal presence of algae that does not pose any public health or safety concern."

Drinking water imported from the Sacramento-San Joaquin Delta occasionally will have a noticeable taste and odor, depending on the time of year and the source of the water.

Algae blooms can cause the "moldy" taste residents are noticing, especially during hot weather. It's because algae grows quickly in warm water with lots of sunlight and nutrients. The algae produces compounds called geosmin and methylisoborneol that can change the taste of the water.

DWP treats the water to kill the bacteria that cause these compounds, but sometimes the compounds themselves may remain.

Sometimes a slight swimming pool taste or odor can also be discerned, due to the chlorine used in the disinfection process.

LADWP said it's working on treatment to fix the problem

Initial testing has confirmed that this is due to a natural, seasonal presence of algae that does not pose any public health or safety concern.

and continues testing "out of an abundance of caution." They will continue to monitor the water and keep residents updated.

In a statement LADWP said, "Your tap water continues to be safe to drink and does not have any impact on the safety of your water. The odor can also be improved if you run the water through a filter pitcher or refrigerator filter."

The PETITION FOR PROBATE requests that KAREN SAMPSON be appointed as personal representative to administer the estate of the decedent.

NOTICE OF PETITION TO ADMINISTER ESTATE OF ILYA SAM LANDMAN
aka ILYA LANDMAN
CASE NO: 24STPB05029

To all heirs, beneficiaries, creditors, contingent creditors and persons who may otherwise be interested in the will or estate, or both, of ILYA SAM LANDMAN aka ILYA LANDMAN

A PETITION FOR PROBATE has been filed by ALLA GINZBURG in the Superior Court of California, County of Los Angeles

The PETITION FOR PROBATE requests that ALLA GINZBURG be appointed as personal representative to administer the estate of the decedent.

The petition requests authority to administer the estate under the Independent Administration of Estates Act. (This authority will allow the personal representative to take many actions without obtaining court approval. Before taking certain very important actions, however, the personal representative will be required to give notice to interested persons unless they have waived notice or consented to the proposed action.) The independent administration authority will be granted unless an interested person files an objection to the petition and shows good cause why the court should not grant the authority.

A HEARING on the petition will be held in this court as follows: September 5, 2024 at 8:30 AM, in Dept 67, of the Superior Court of California, County of Los Angeles, located at the Stanley Mosk Courthouse, 111 North Hill Street, Los Angeles CA 90012.

IF YOU OBJECT to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney.

IF YOU ARE A CREDITOR or a contingent creditor of the decedent, you must file your claim with the court and mail a copy to the personal representative appointed by the court within the later of either (1) four months from the date of first issuance of letters to a general personal representative, as defined in section 58(b) of the California Probate Code, or (2) 60 days from the date of mailing or personal delivery to you of a notice under section 9052 of the California Probate Code. Other California statutes and legal authority may affect your rights as a

creditor. You may want to consult with an attorney knowledgeable in California law.

YOU MAY EXAMINE the file kept by the court. If you are a person interested in the estate, you may file with the court a Request for Special Notice (form DE-154) of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Probate Code section 1250. A Request for Special Notice form is available from the court clerk. Attorney for Petitioner: Adam W. Pollock, 5743 Corsa Avenue, Suite 213, Westlake Village CA 91362 (818) 991-7760.
