This is the Rams' House!

By Kathleen Sterling

The new Rams facility in Warner Center is much more than a practice field.

It's a working training camp that has strategy conference rooms for offense and defense, huge weight rooms, rehab and a kitchen that knows the dietary requirements and requests of each player. The 65,000 square feet of new building also houses a full suite of offices for support staff and trainers.

Then there's the field. It's real grass that boasts "Rams House" on the fencing behind it. Players practice on the field pre-season and during the season, but the facility is open year-round. Players can use it to train and work out and the staff works all year to plan the schedule.

• Need a last minute Halloween funny? Some horror humor? Here goes: How do monsters tell the future? They read their horror-scope.

• Some for the adults. These are sayings that sound dirty on Halloween.. but aren't!

So...What'd you get in the sack?

Once you get under the sheet, start moaning and groaning!!! Just hop on that broomstick and ride it!

Those small suckers are gone in a few licks!

I got the best piece from that house.

Quit screwing around on the porch!!!

Stick your hand in and guess what you're feeling....

They'll suck you dry if they get their teeth in you.

• Here's a fact heard on Doug McIntyre's ABC radio program: in the old days, cargo ships fighting shipping costs used to use dried cow chips to cheaply propel the ships. But, when sea water splashed onto the bow of the ship, it created a bad smell and methane gas, which often exploded, causing ship damage. Soooo, the sailors began storing the cow chips on deck covered with a tarp. They labeled the storage Ships High In Transit - which was ultimately just reduced to the initials of the sign. And you thought it was a golf term!

• Jackie Feldman, an estate planning attorney in Warner Center, offers up this definition of a will. It's a dead giveaway!

Guest Editorial:

From Assemblymember Jesse Gabriel Delivering for the San Fernando Valley

Dear Neighbor,

Since I was first elected to the State Legislature, I've worked hard to deliver for the San Fernando Valley and ensure we receive our fair share of state resources and funding. I've also championed legislation to address the issues facing our community. I'm proud to share that in recent weeks Governor Newsom signed into law 10 bills that I authored on various topics, including public safety, homelessness, consumer protection, hate crimes, and more. These bills include:

- Assembly Bill (AB) 1053 - makes it easier and less expensive to build affordable housing
- AB 2316 - first-in-the-nation legislation that would prohibit California schools from serving foods containing six synthetic food dyes that have been linked to developmental and behavioral harms to children.
- AB 2432 - provides ongoing funding to programs serving victims of domestic violence, human trafficking, sexual assault, and other crimes
- AB 2455 - strengthens local and state whistleblower protections to protect taxpayer dollars
- AB 2505 - requires attorneys to report their pro bono hours
- AB 2608 - helps prevent sexual assault on college campuses and makes it easier for students to get confidential support and resources
- AB 2621 - requires law enforcement training on the use of gun violence restraining orders
- AB 2822 - strengthens law enforcement reporting on firearm seizures in domestic violence cases
- AB 2835 - helps to provide shelter for homeless children and families
- AB 2867 - assists California residents in reclaiming art or personal property that was stolen during the Holocaust or other acts of persecution.

I'm also proud to have co-authored dozens of additional measures and to have helped direct billions of dollars in state funding to urgent priorities. While we face extraordinary challenges, I am optimistic that with determination, focus, and innovative public policies we can build a better future for all of our children. You can learn more about our legislative work and budget priorities on my website at asmdc.org/gabriel. As always, please don't hesitate to be in touch if my team or I can be of any assistance.

Yours in Service,
JESSE GABRIEL

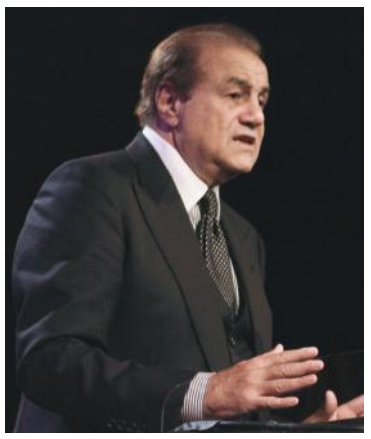
Campaign Coverage: Candidate Statement Larry Thompson for Congress

By Larry Thompson

Scandals are the kiss of death for politicians. And none of them are immune...not even California's Congressman Brad Sherman (D).

Political scandals come in two varieties: scandals by commission and scandals by omission. Sherman has found himself embroiled in an ongoing 14-term (28-year) scandal by omission. His notorious and consistent inactions in Congress over almost three decades have shielded him from controversy, protected him from error, and



Candidate for Congress Larry Thompson

even pleased his party somewhat, but it has now substantially contributed to our nation being hurled into rudderless confusion and at odds with each other. He has never been a leader. He is a "pat on the head party follower."

But times have changed, and Sherman's deliberate, neglectful past that has burdened our present and consumed our future, has caught up with the new leadership requirements of today. Why has Sherman's ineffective style of protective governing suddenly become a scandal? When does one's cumulative bad acts metastasize into a public scandal, and one has their P. Diddy moment?

For Sherman, inaction by a congressman when the majority of action is going the right way is tolerable, but inaction when action is going the wrong way is complicit and unforgivable. As an elected lawmaker standing by and watching when their country needs leaders negates their need to serve.

Examples:

1. In May of 2021, pro-Palestinian demonstrators trolled the streets of New York and Los Angeles to terrorize and attack Jews. In this environment, Democrat squad members Ilhan Omar, Alexandria Ocasio-Cortez, and Rashida Tlaib falsely accused Israel of being an "apartheid state" and of employing U.S. military aid to target civilians and children. Representative Ilhan Omar (D., Minn.) referred to "Israeli air strikes killing civilians in Gaza" as "an act of terrorism." Because there was little political upside for Democrats and Sherman to call out the squad, Sherman allowed the action and comments to go unchecked. This was a moment for Sherman to step up and prove he was pro Israel, but he did not, and he allowed antisemitism to grow.

2. Sherman has been fighting for over 15 years to not regulate Bitcoin and cryptocurrencies. He wants to "outlaw" them. While he has done nothing, the Securities Exchange Commission (SEC) on January 10, 2024, gave official approval to 11 financial institutions to create a "spot bitcoin ETF" (Exchange-Traded Fund). This long-awaited and controversial government approval is recognized worldwide as the biggest event in the history of Bitcoin and cryptocurrency. It finally adds legitimacy to Bitcoin as an Asset Class, and it has opened a floodgate of new investors causing the price of Bitcoin (BTC) and cryptocurrencies in general to ultimately increase substantially. Bitcoin has gone mainstream, and Sherman has been on the wrong side of history for over 15 years.

3. What is the real reason Sherman was simply calling for President Biden to do more "extended live interviews" to evidence his cognitive status when his party was convincing Biden to step down? Was Sherman being honest with us here about his true concerns or was his guilt by omission finally begetting him a conscience? How long had Sherman known the truth but stayed silent? Why didn't he share his knowledge or observations with us? Or was BAD BRAD doing nothing again like many political hacks and employing CYA tactics?

4. Ever since his speech at the Democratic convention in 1996, Sherman has misled audiences and his constituents to believe that Sherman Oaks, California is named after him or his family. That is a lie. Sherman Oaks, a neighborhood in Los Angeles, was named after General Moses Hazeltine Sherman, who owned all the land now named in his honor. Brad Sherman is not a descendant of General Moses Hazeltine Sherman. If a man can brag and lie about his name what else could he lie about...?

5. Please note the bills he voted "nay" on that would have helped protect our borders and punish illegal migrants for their crimes such as: HR957, HB5283, HR980, HB5585, and HB6976. (For more information on these bills, visit www.govtrack.us)

6. And most telling, despite his long tenure in Congress, Sherman has very limited, original legislative achievements to show for his time in office.

All this nothing adds up to plenty of wasted opportunities to do something constructive. Sherman has held back progress. He has had no vision. He has been a drag on technological advancements. He has been on the wrong side of History. He has weakened the future of the United States.

Congressman Brad Sherman must now pick up all his scandals by omission and go home.

Duke Kim and Amina Edris star in L.A. Opera's Romeo and Juliet.

Romeo and Juliet Sing Their Way to L.A. Opera

LA Opera will present Charles Gounod's 1867 French opera adaptation of the beloved Shakespeare tragedy *Romeo and Juliet* at the Dorothy Chandler Pavilion November 2 through 23.

Tenor Duke Kim and soprano Amina Edris will make their company debuts in the title roles. The performances will be conducted by Venezuelan conductor Domingo Hindoyan in his LA Opera debut (November 2 through 17) and by LA Opera Resident Conductor Lina González-Granados (November 20 and 23). This will be a highly anticipated revival of one of LA Opera's signature productions, originally created by director Ian Judge and previously presented in 2005 and 2011. Kitty McNamee will make her company debut as director and will also be the choreographer; she was the choreographer for both of this production's previous stagings.

"Audiences rapturously hailed this staging of Romeo and Juliet when we first unveiled it in 2005, and the 2011 return engagement cemented its reputation as one of our landmark productions," said Christopher Koelsch, LA Opera's president and CEO. "This opera truly shines with brilliant young singers as Shakespeare's iconic star-crossed lovers, so it is a great pleasure for me to welcome two wonderful rising stars, Duke Kim and Amina Edris, in the leading roles for this long anticipated revival."

Tickets for *Romeo and Juliet* begin at $33.50 and are on sale now. Tickets can be purchased online at LAOpera.org, by phone at (213) 972-8001, or in person at the LA Opera box office at the Dorothy Chandler Pavilion (135 N. Grand Avenue, Los Angeles CA 90012).

The enormous weight room at the Rams' camp.

Inside the Rams House

(Continued from page 1)

This is the first year the Rams have played on this field - moving from their old facility at Cal Lutheran in Thousand Oaks.

Stan Kroenke, owner of the Rams, purchased the old Anthem property in 2022 for $175 million, and then transformed the 32-acre site into the training camp.

At present time they are not using the office building, which remains vacant. All the Rams facilities are located in new, pre-fab buildings set up at the site.

Kroenke also purchased the Promenade Mall and The Village at Westfield, which he renamed Topanga Village.

Though the Rams practice in Warner Center, corporate offices remain in Agoura.

The Rams play November 3 at 1:25 pm against Seattle Seahawks at Seattle; November 11 against the Miami Dolphins at home (Sofi Stadium); November 17 against New England Patriots in Boston; November 24 against the Philadelphia Eagles at home, and December 1 against New Orleans Saints in New Orleans.

For a complete Rams schedule, tickets to upcoming games and more information visit therams.com.

Pierce Breaks Ground on New Building

Pierce College has broken ground on a new 56,000-square-foot building. The "Academic East" building will be an all-electric structure with rooftop solar panels.

"The voters of Los Angeles have entrusted LACCD with nearly $15 billion in public funding to deliver innovative and sustainable learning environments at LA Pierce College and throughout our nine colleges," said LA Community College District's Francisco C. Rodriguez in a news release. "Since 2001, LACCD's bond-funded capital improvement program has made the promise of projects like the Academic East Building a reality. These investments not only provide state-of-the-art facilities, but also fuel student success and empower the communities we serve, ensuring that every student from every zip code has access to the resources they need to thrive and contribute meaningfully to the vibrant future of Los Angeles."

The new building will house the math, psychology and computer science departments.
