Pinstripes at Westfield Closes

The Pinstripes bowling alley and restaurant space at Westfield Topanga has closed permanently as the parent company filed bankruptcy. Pinstripes Holdings, Inc. filed for Chapter 11 on September 9, and closed 10 of its 18 locations. The closing leaves a huge hole at the shopping center, as the 28,550-square-foot space featured 12 bowling lanes, four bocce courts, a full-service bistro and event spaces for up to 1,200 guests, plus an outdoor terrace and patio.

Soil Testing Done at Calabasas Landfill; City Moves Forward With Legal Action

The City of Calabasas tested soil samples from four trucks that delivered fire debris to the Calabasas Landfill. (Despite its name, the Calabasas Landfill is not owned by or located in the City of Calabasas. The Calabasas Landfill is owned by Los Angeles County and operated by the Los Angeles County Sanitation Districts.) The City of Calabasas also tested soil samples from a property located in the Palisades burn area. Also included are testing results conducted by the Los Angeles County Department of Public Health of soil samples collected from the burn areas in Eaton and Palisades. The sample results of soil testing from the Calabasas landfill, which show hazardous levels of copper and zinc and exceedance levels of lead and arsenic, are now available on the City of Calabasas website. As a result of these results, legal counsel is taking action on these results.

The Los Angeles Rams, headquartered in Woodland Hills, opened their 2025 season with a 14-9 win Sunday over the Houston Texans, and a win at local schools with big giveaways.

The game featured Matthew Stafford back on the field at SoFi Stadium after a back injury, and a late fumble from Nate Landman that helped secure the win.

To kick off their season, Rams players, cheerleaders and their mascot Rampage visited Welby Way Charter Elementary in West Hills.

The Rams prioritize youth and high school football efforts, and health and wellness among youth. At Welby Way they chatted with students and gave away t-shirts themed "The Royal Tour: Remastered" that featured the 2025 Los Angeles Rams schedule.

In addition, the team will provide more than 15,000 shirts and more than 20,000 wristbands to more than 25 schools including Canoga Park Elementary, Calabash Charter Academy, Calvert Charter for Enriched Studies, Encino Charter Elementary, Hamlin Charter Academy, Hart Street Elementary, Haynes Charter for Enriched Studies, Lanai Road Elementary, Lockhurst Drive Charter Elementary, Nestle Avenue Charter Elementary, Pomelo Community Charter, Serrania Avenue Charter for Enriched Studies, Wilbur Charter For Enriched Academics, Woodlake Elementary Community Charter and Woodland Hills Elementary Charter.

Small Business Growth & Local Jobs: Cut Red Tape, Grow Opportunity

By Tim Gaspar

When I started my company out of a small office in the West Valley, I had no idea it would one day become one of the largest independent insurance firms in Los Angeles. Today, Gaspar Insurance is proud to employ more than 60 people and serve 11,000 clients across Southern California.

But the road from dream to reality for many, including many of my clients, was not easy; it is often paved with long waits, endless forms, and unnecessary red tape from City Hall.

The experiences many people faced have taught me something important. It's even harder for the next generation of entrepreneurs just getting started. As a person born and raised in Canoga Park, a graduate of our local schools, and deeply committed to the success of our community, what I have heard from too many people is troubling.

Small businesses are the backbone of the West Valley's economy. They are where our neighbors work, where our kids get their first jobs, and where families gather. They keep dollars local and help define the character of our community. But too often, City Hall treats small businesses as an afterthought, piling on regulations and delays while offering little real support.

It doesn't have to be this way. We can clear obstacles, reward entrepreneurship, and build a future where opportunity is within reach for everyone. Here's how.

Streamline Permitting and Licensing

Ask any business owner in the Valley about their biggest frustration with City Hall, and chances are you'll hear the same story: the maze of permits, licenses, and approvals that can take months—or even years—to navigate. These delays aren't just costly for entrepreneurs; they slow down job creation and hold back our entire economy.

We need a top-to-bottom review of the permitting and licensing process to cut needless delays and red tape. Opening a restaurant, a barbershop, or a repair shop shouldn't feel like climbing a mountain of paperwork. City Hall should be a partner in helping businesses open faster, not a gatekeeper standing in the way.

Level the Playing Field for Honest Operators

At the same time, we must crack down on unlicensed operators who undercut those who follow the rules. Small business owners who play by the book, paying taxes, carrying insurance, and complying with safety standards shouldn't be forced to compete against those who cut corners. Fair competition demands enforcement. By holding everyone to the same standard, we protect workers, consumers, and legitimate businesses alike.

Invest in People, Not Ineffective Programs

For too long, City Hall has poured money into incentive programs that look good in a press release but fail to deliver results on the ground. These programs are often too narrow, too bureaucratic, or too poorly managed to make a real impact.

Instead, let's redirect those funds into training pipelines that prepare Valley youth for skilled, high-paying careers. Imagine partnerships between schools, local businesses, and nonprofits that equip our young people with the skills they need to thrive, whether in technology, trades, or entrepreneurship. By investing in people, we're not just growing jobs today, we're building the foundation for long-term prosperity.

A Pro-Growth Agenda for the West Valley

The West Valley has always been a place of opportunity. My own journey, from Canoga Park public schools to founding a thriving business, was possible because this community invested in me. Now it's my turn to invest back.

That's why I've devoted much of my life to service: from the Discovery Cube Los Angeles to the YMCA, from the Woodland Hills Chamber of Commerce to the CSUN Nazarian School of Business. In every role, I've seen the same truth—when local businesses thrive, the whole community benefits. Jobs grow. Neighborhoods strengthen. Families flourish.

But it won't happen by accident. It requires leadership that understands the struggles of small businesses firsthand, and the vision to push for change at City Hall.

Small business growth is not just about economics; it's about dignity, opportunity, and community pride. When we cut red tape, level the playing field, and invest in our people, we unleash the full potential of the West Valley.

I know what's possible when hard work meets opportunity—because I've lived it. Now, I'm ready to fight for policies that ensure every entrepreneur, every worker, and every young person in our community has that same chance to succeed.

The West Valley deserves nothing less.

Tim Gaspar is the founder of Gaspar Insurance in Woodland Hills and a candidate for City Council in District 3 which covers the West Valley.

Walk Warner Center With Streets L.A.

Streets LA, a division of the City of Los Angeles Department of Public Works, is inviting community members to help reimagine the Warner Center area as an active transportation hub supporting jobs and housing. Active transportation includes walking, biking, scootering or using a wheelchair – any form of human-powered mobility. Three events in September will provide opportunities for the community to help shape the Warner Center Active Transportation Hub project and share their ideas.

The first two events are community walking tours, where participants will walk approximately two miles around the Warner Center area to observe current conditions and discuss potential improvements to make walking, biking and rolling safer and more accessible. Both walking tours will follow the same format and begin at the same location.

Community Walking Tour #1 will take place Friday, September 19, from 1 to 2:30 pm. Community Walking Tour #2 will take place Saturday, September 20, from 10 to 11:30 am.

Meet in front of the Canoga G Line Station, on Canoga Avenue. To register for a walking tour, please visit bit.ly/WCWalkingTours.

The third event is a project booth at the Salute to Firefighters Festival on Saturday, September 27, from 9 am to 4 pm. Project staff will engage with attendees to learn about their experiences getting around the Warner Center area and gather feedback on priority improvements. The festival will take place at Warner Center Park, 5800 Topanga Canyon in Woodland Hills, and admission is free.

Community members who are unable to attend the events are invited to take a short survey to share their input: https://bit.ly/WarnerCenterSurvey

The Warner Center Active Transportation Hub project is funded by the Southern California Association of Governments and is sponsored by StreetsLA, and the Office of Councilmember Bob Blumenfield. The Valley Film Festival®

Valley Film Festival Rolls Out September 17

The Valley Film Festival is celebrating its 25th Anniversary of thought-provoking story-telling with a showcase of 50 films from around the world, as well as the (818), September 17-21 at the Laemmle NoHo 7 theatre in North Hollywood.

From the twisted mind of Chad Ferrin, *Dorothea* opens the five-day festival with its world premiere. Shot in the Valley, and based on true events, the infamous serial killer Dorothea Puente faces her final moments behind bars—but not before revealing the grotesque secrets of her past that turned her home into a graveyard.

The Prospect directed by Robert Schultz and Dana Donnelly closes out the festival with its West Coast premiere. The comedy, another feature shot in the (818), follows high school senior Jerry Vanetti (Rishi Mahesh), desperate to escape small-town obscurity, as he masterminds an outrageous scam to pose as a star baseball recruit despite never having played the game.

The Los Angeles premiere of *Motherland*, featuring a powerhouse cast that includes Miriam Silverman (*The Marvelous Mrs. Maisel*), legendary Emmy-winning actress Holland Taylor (*The Morning Show, Hollywood*), Emmy award winner Néstor Carbonell (*Shōgun, The Morning Show*), Emily Arancio and Molly Hager, takes the coveted Centerpiece Screening slot. Directed by Evan Matthews, this 1984-esque sci-fi thriller is set in the Motherland, a state-run center that raises all citizens, ensuring a fair upbringing and freeing parents from child-rearing burdens. In this alternate present society, a rule enforcer learns a shocking truth that sparks her rebellion.

This year's festival also marks the end of The Valley Film Festival, as a traditional festival. The non-profit arts organization, a project of Community Partners, will transition into residencies and retreats for filmmakers in 2026.

"When I founded The Valley Film Festival in 2000, Los Angeles had a handful of film festivals, and none supported the San Fernando Valley," stated Tracey Adlai, the Festival's Founder, Executive Director, and Valley native. "Twenty-five years later there are literarily hundreds of film festivals in LA filling the need now. After listening to our community of filmmakers, over the last few years, they are craving for an experience beyond a film festival and that's where we are shifting our focus."

VFF's foreign selections include the Los Angeles premieres of *The Lone Killer* (Denmark) directed by Danny Thykær and *Maratona di New York/The Marathon* (Italy) directed by Luca Franco.

Ahead of its theatrical release in Denmark, *The Lone Killer*, a thriller, explores ambition, legacy, and the moral price of survival in a fractured Europe in the aftermath of two terrorist attacks in Copenhagen, while *The Marathon*, a drama framed by long-distance running and Italian sunsets, delves into the humor and heartbreak of friendship tested by ambition—until the race leaves room for only one winner. Fresh from its theatrical run in Peru, *Mistura*, a drama directed by Ricardo de Montreuil, follows a privileged French-Peruvian woman whose world crumbles after her husband's betrayal casts her out of Lima's elite social circles. Forced to confront the people and traditions she was taught to disdain, she discovers solidarity, strength, and a daring new identity through a culinary venture that celebrates Peru's extraordinary diversity.

Balancing out the narrative films, VFF's documentary program includes the West Coast premiere of *Daniel Ho: Life as an Audition* (Anne Davis O'Neal). Ukulele virtuoso Daniel Ho takes audiences on an intimate journey through triumph and adversity. From growing up in Hawaii, to winning Grammy awards and facing questions over his identity, Ho's story is one of resilience, independence, and the power of music to both preserve heritage and transcend borders.

Similarly, Shannon Lee Allbright's *2500 Miles,* follows a dedicated sewing teacher on an extraordinary motorcycle ride from Los Angeles to her hometown of Selma, Alabama. Returning to the very school where she first learned to read and write, she shares her craft with the next generation—stitching together past and present in a moving story of empowerment and return.

Rounding out the feature film program is a collection of films shot in the (818), proving that the San Fernando Valley is LA's very own studio backlot: *Clown-n-Out* (in Valley Village),

Rotary Superheroes in Our Community

By Sandy Rosenholz

I am so proud of our Woodland Hills Rotary Club of superheroes and the heart each member brings to our community. August was a month packed with service, fellowship, and plenty of smiles, and we truly lived our motto: Unite for Good. In just the past two weeks, our members came together to make a real difference—offering hands-on help, creating opportunities to connect, and lifting up those who needed support. Every project reminded us why we do what we do: because when we serve, everyone wins.

We began with an evening at the Rescue Mission, where on Tuesday the 19th, our team prepped, cooked, served, and even stayed behind to wash dishes. It was more than just providing a hot meal—it was about creating a warm atmosphere of dignity and care for those facing hard times. The kids' painting project was a major winner. The very next night, Wednesday the 20th, we were back in action at LAJH Eisenberg Village, hosting another energetic bingo night. Residents eagerly awaited the prizes, the laughter, and most of all, the chance to engage in joyful community fun. Seeing their faces light up was truly priceless.

Saturday the 23rd brought us to the District Picnic, a gathering full of camaraderie, fun, and friendly competition. Our own Steve and Ethan bravely took on the Annual Cardboard Boat Regatta—though, as they proved, sailing may not be their strong suit! Despite finishing last, the laughter and spirit of the event more than made up for it. That week we raised over $1,000 through our "bail money" fundraiser for the mischievous pink flamingos. It was a lighthearted way to support serious causes, and everyone left with smiles.

On Monday the 25th, we turned our focus to foster youth who had transitioned out of the system. We delivered full duffle bags packed with essentials, along with sweet desserts to brighten their day. For 38 young people, these small gifts were reminders that their community sees them, values them, and believes in their future. Just a few days later, on Wednesday the 27th, we were honored to welcome our District Governor, Alex Parajon, for his official visit. It was a proud moment as we also introduced our Youth Exchange Student, Kitoko from Japan, who will spend the year with a host family and experience both Rotary service and life in our community. The excitement of cultural exchange always strengthens our club. We celebrated growth as we inducted a new member into our Rotary family—proof that our mission continues to inspire others to get involved.

Finally, on Sunday the 31st, we closed out the month with a heartfelt project at the Ronald McDonald House in Los Angeles. There, our club prepared and served a great lunch for families whose children are receiving care at Children's Hospital. It was a moving reminder of the challenges these families face, and how a simple meal and a kind word can make their day a little brighter.

Looking back on August, it's incredible to see all we accomplished together. From serving meals and delivering essentials, to building fellowship and supporting youth, our club showed once again that service is not just what we do—it's who we are. If you've ever wanted to volunteer, make new friends, and have fun while creating a real impact, we invite you to join us. You'll quickly discover that with Rotary, you not only change lives—you enrich your own. Together, let's continue to live "Service Above Self."

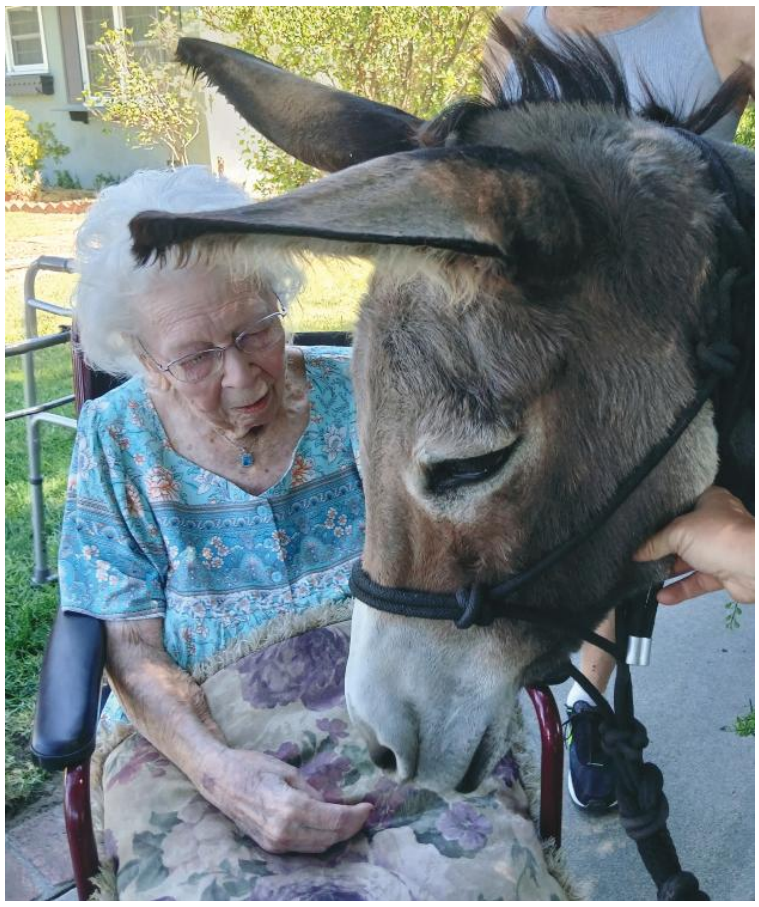
THE HILTON, WOODLAND HILLS



Special Guests for 101st Birthday!

Local resident Helen Smith didn't need anything else for her birthday - at 101 she had plenty. What the animal lover wanted was "to pet some bunnies and a cow!" Since Smith couldn't go to the zoo, her daughters brought a petting zoo to her. Rah Rah Ranch Mobile Petting Zoo brought not only two miniature cows and two fancy bunnies, but a donkey, alpaca, goats, sheep and a very friendly chicken. Smith was happily surprised and kept saying she wouldn't believe it until she saw the pictures.

Smith was an original "Rosie the Riveter" at Lockheed in Burbank during WWII. She married Army Air Corp Sergeant George Smith and they bought a home in the Valley in 1952, where she still lives, and raised three daughters. George passed away in 2016 but Smith enjoys her children, four grandchildren, seven great-grandchildren, two dogs and a cat.

Water District Works to Crack Down on Water Theft

A bill co-sponsored by Las Virgenes Municipal Water District (LVMWD) and the Association of California Water Agencies (ACWA) to strengthen penalties for water theft has cleared the California Legislature and now awaits Gov. Gavin Newsom's signature.

Senate Bill 394, authored by Sen. Ben Allen (D-Santa Monica), targets illegal diversions from fire hydrants, addressing a growing problem that threatens water reliability, public safety and ratepayers across the state.

Beyond driving up costs for water district customers, these incidents of theft can damage hydrants, reduce pressure needed by firefighters during emergencies, and risk contamination of the local water system.

In recent years, LVMWD has estimated losses of up to 45 million gallons of water due to unauthorized hydrant use, costing the district hundreds of thousands of dollars in lost revenue.

If signed into law, SB 394 will provide water agencies like LVMWD stronger tools to deter theft and protect customers across the region.

"Today marks a major step forward in the fight against commercial water theft," said Andy Coradeschi, LVMWD board president. "We thank Senator Allen for his leadership and the legislature for recognizing the urgent need to deter bad actors who compromise public safety, damage infrastructure, and drive up costs for law-abiding ratepayers. We now respectfully urge Governor Newsom to sign SB 394 into law."

Key provisions of SB 394 include:

Enhanced penalties: Authorizes fines up to $2,500 for a first violation and up to $10,000 for repeat violations, specifically targeting commercial operators.

Civil enforcement: Allows water agencies to pursue civil damages against individuals or companies that tamper with or illegally divert water from hydrants.

Public safety protection:

LVMWD has estimated losses of up to 45 million gallons of water due to unauthorized hydrant use, costing the district hundreds of thousands of dollars in lost revenue.

Prevents contamination and safeguards system pressure during emergencies.

Ratepayer protection: Ensures financial responsibility for theft and damages falls on violators, not local communities.

"SB 394 makes clear that water theft will not be tolerated in California," Allen said. "With climate change intensifying pressures on our water systems, we must safeguard every drop for public health, safety and reliability."

The bill now heads to Gov. Gavin Newsom's desk, where his signature would enact the measure into law.

Newsom has until October 12, 2025 to decide whether to sign, veto or allow the bill to become law without his signature.

Be sure to follow LVMWD on Facebook, X @lvmwd and Instagram @LasVirgenes_MWD for updates and more information on upcoming projects.

Las Virgenes Municipal Water District provides potable water, wastewater treatment, recycled water and biosolids composting to approximately 70,000 residents in the cities of Agoura Hills, Calabasas, Hidden Hills, Westlake Village, and unincorporated areas of western Los Angeles County.

Sherman Oaks Landscaping

I started my own business back in 1967 by going around to neighbors houses when I was seven years old and asking them if they needed their lawn cut or their leaves cleaned up. I started a gardening route in junior high and I hired many of my friends to assist me throughout the years. In 1985 I was cited for contracting without a license and they said I could either pay a $2500 fine or get my contractors license, so I got my license. In 1994 we had earthquake in Northridge California, lots of walls fell down and I got in trouble again for contracting without a masonry license, so I went and got the masonry license. Now I have a C 27 and a C 29. I have a wonderful crew that's been with me over 20 years, I'm good to them and they're good to me. I have nothing but compliments about the way my crew shows respect to our clients. I can do complete landscaping jobs, hard scape, waterfalls, Barbecues, fire pits, Koi ponds, Lawn, Sprinklers, Synthetic grass and everything in between.

CSUN Galleries to Showcase the City of Los Angeles

CSUN's art galleries are exploring the city of Los Angeles, particularly its unrecognized and under-appreciated parts, in its latest exhibition, "The Journey is the Destination: Recording Los Angeles."

Many of the areas highlighted in the exhibition have been historically neglected based on stereotypes, and the work shown in the galleries often calls attention to the impact of gentrification and depletion of environmental resources. "The Journey is the Destination" will be on view in the Main Gallery through Thursday, November 6.

The art displayed includes a mix of photography, mixed-media pieces, site-specific installations and sculptures.

In the West Gallery, "The Warmth of the Sun: A Recent Survey of Tierra Del Sol Artists" runs through Wednesday, October 15. It is the first of three exhibitions in a series about local San Fernando Valley-based art organizations. The West Gallery exhibit also follows the theme of "Los Angeles, Place and People," displaying work about life in Los Angeles with topics such as food, neighborhood life and mapping, through paintings, drawings, textile works and other media.

The second part of the series in the West Gallery will be about Tia Chucha's Centro Cultural, running from Monday, October 27, to Thursday, December 11.
